International Association for Social Science Information Service and Technology

We are an association working in information technology and data services to support research and teaching. We leverage our unique expertise in the social sciences to benefit all data professionals and support open science. Our members produce, curate, help share and discover, and preserve data. We advocate for responsible data management and use. We strive to advance technology and infrastructure, and to build a broader community surrounding research data.

Established in 1974 • **Over 400 Members** • **In 32 Countries** • **Across 6 Continents**

What are the benefits of an IASSIST membership?

CONNECT
TO THE COMMUNITY

Gain exclusive access to the IASSIST Discussion List to connect with over 400 data professionals. Ask questions, share solutions, and tap into invaluable collective wisdom.

Leverage peer-to-peer support and mentorship opportunities within a diverse international network. Your next collaborator is here.

CONVENE
WITH THE COMMUNITY

Enjoy priority registration for IASSIST webinars covering emerging topics and essential data skills to ensure you stay at the forefront of our profession.

Receive reduced registration rates for the IASSIST Annual Conference, the premier international gathering for data professionals.

CONTRIBUTE
TO THE COMMUNITY

Participate in and lead committees and Interest Groups in key areas like Geospatial Data, Qualitative Social Science & Humanities Data, and Representation in Data.

Contribute your unique insights to the iBlog or publish peer-reviewed research in the IASSIST Quarterly (IQ).
